ISNetworld Homepage Re-launch Complete

Houston, TX, May 15, 2001 – ISN Software Corporation (ISN) announced today that the ISNetworld homepage has been re-launched to better align it with its target customer groups.

Bill Addy, President of ISN, stated, “We want the ISNetworld homepage to feature our most important assets, namely our operator customers, our contractor customers and our data providers. Operators and contractors who subscribe to ISNetworld will now have their logo appear on the ISNetworld home page as part of their subscription. In addition, a number of other changes make the homepage a better representation of our company.”

ISN Software Corporation, through its flagship ISNetworld product, automates the relationship between contractors and their owner/operator customers in America’s most capital-intensive industrial sectors. ISNetworld utilizes third party data wherever possible to create an added level of compliance record management and reporting integrity. For more information, visit www.isnetworld.com.
