NCMS Joins ISNetworld as a Data Provider

Dallas, TX, June 11, 2002 – ISN Software Corporation (ISN) announced today that National Compliance Management Services, Inc. (NCMS) has joined with ISN to make NCMS data available through ISNetworld. NCMS was established in 1993 to assist oil & gas operators with contractor pre-qualification as it relates to federally mandated regulations and/or specific operator requirements. NCMS monitoring services are designed to standardize and centralize the contractor pre-qualification process, to lessen the burden on contractors, as well as expand the selection of contractors for NCMS clients.

Joe Eastin, Executive Vice President of ISN, stated, “NCMS represents the gold standard for contractor prequalification. Vergi Geurian and the NCMS team have a terrific reputation for integrity and innovation. We are excited by opportunity to develop new ways to expand the NCMS franchise through ISNetworld.”

ISN Software Corporation, through its flagship ISNetworld product, automates the relationship between contractors and their owner/operator customers in America’s most capital-intensive industrial sectors. ISNetworld utilizes third party data wherever possible to create an added level of compliance record management and reporting integrity. For more information, visit www.isnetworld.com.
