Safety Advantage Becomes ISNetworld and CSNetworld Data Provider

Dallas, TX, June 22, 2004 – ISN Software Corporation (ISN) announced today that Safety Advantage, LLC. (Safety Advantage) has become an ISNetworld data provider. In addition, Safety Advantage has become the first CSNetworld data provider.

Joe Eastin, Executive Vice President of ISN, said, “From the outset, we have believed that direct incorporation of third party data helps operators, contractors and data providers be more confident that their compliance records are accurate. With this announcement, Safety Advantage joins an elite group of ISNetworld data providers who represent the finest in their areas of specialization.”

Mr. Eastin continued, “We recently launched CSNetworld to serve the needs of operators and contractors of commercial facilities. Safety Advantage is the first organization to serve as a CSNetworld data provider. We expect to announce others in coming months.”

ISN Software Corporation, through its flagship ISNetworld product, automates the relationship between contractors and their owner/operator customers in America’s most capital-intensive industrial sectors. CSNetworld automates the relationship between contractors and their owner/operator customers of America’s multi-location commercial establishments. ISNetworld and CSNetworld utilize third party data wherever possible to create an added level of compliance record management and reporting integrity. For more information, visit www.isnsoftware.com.
