ISNetworld Welcomes ConocoPhillips Upstream

Dallas, TX, February 19, 2007 – ISN Software Corporation (ISN) announced today that ConocoPhillips has adopted ISNetworld for its upstream operations in Canada, the Gulf of Mexico and the Lower 48.

Brian Callahan, Vice President of Petrochemical, “ConocoPhillips is known worldwide for its technological expertise in deepwater exploration, reservoir management and 3-D seismic technology. Excluding government controlled companies, ConocoPhillips has the fifth-largest total of proved reserves worldwide. We are excited to add this dynamic company to the growing list of owners that depend on ISN to coordinate North American contractor data management and reporting.”

ISN Software Corporation, through its flagship ISNetworld product, automates the relationship between contractors and their owner/operator customers in North America’s most capital-intensive industrial sectors. ISNetworld utilizes third party data wherever possible to create an added level of compliance record management and reporting integrity. For more information, visit www.isnetworld.com.
