ExxonMobil Beaumont Refinery Joins with ISNetworld

Dallas, TX, January 18, 2005 – ISN Software Corporation (ISN) announced today that the ExxonMobil refinery in Beaumont has joined ISNetworld.

Joe Eastin, Executive Vice President of ISN, said, “The ExxonMobil refinery in Beaumont recently chose ISN and ISNetworld to help them meet certain requirements of the Department of Transportation Operator Qualification Rule (49 CFR Parts 195 and 192).”

Brian Callahan, a Manager of Business Development for ISN, added, “ISNetworld is the oil and gas industry’s leading compliance record management and reporting tool. In addition, we have worked for years with ExxonMobil Pipeline. We look forward to working with ExxonMobil Beaumont Refinery to address their needs.”

ISN Software Corporation, through its flagship ISNetworld product, automates the relationship between contractors and their owner/operator customers in America’s most capital-intensive industrial sectors. ISNetworld utilizes third party data wherever possible to create an added level of compliance record management and reporting integrity. For more information, visit www.isnetworld.com.
