ISNetworld Welcomes Occidental Oil and Gas Corporation

Dallas, TX, November 1, 2004 – ISN Software Corporation (ISN) announced today that the Occidental Oil and Gas Corporation’s Occidental Elk Hills and Occidental Permian divisions have joined ISNetworld.

Jason Schultz, a Director of ISN, said, “Occidental Oil and Gas Corporation (Oxy) has distinguished itself as one of the world’s premier oil and gas exploration and production companies. Its exploration success includes the discovery of five of the world's 50 largest oil fields discovered in the past 35 years, each of which exceeds one billion barrels of reserves.”

Mr. Schultz continued, “Oxy is a world class organization that has chosen ISNetworld to help coordinate the collection and management of its Onshore E&P contractors’ HES compliance information. We look forward to working with Oxy.”

ISN Software Corporation, through its flagship ISNetworld product, automates the relationship between contractors and their owner/operator customers in America’s most capital-intensive industrial sectors. ISNetworld utilizes third party data wherever possible to create an added level of compliance record management and reporting integrity. For more information, visit www.isnetworld.com.
