ISNetworld Forms Alliance with Contractors Canada

Dallas, TX, August 8, 2006 – ISN Software Corporation (ISN) announced today that it has formed an alliance with Contractors Canada of Calgary, Alberta to support Canadian expansion efforts. Contractors Canada is part of Ark Envirotech, Inc. Ark Envirotech Inc. is a private Canadian company specializing in environmental health and safety services to the oil and gas industry.

Brian Callahan, Director of ISN's Pipeline and Onshore Business Units, said, "Canadian producers and contractors alike told us that a successful ISN Canadian expansion effort should combine the best aspects of ISN, ISNetworld and local Canadian service providers. We were introduced to George Neely, President of Contractors Canada, about a year ago. We were impressed by his knowledge of and thoughtful approaches to the changing health, safety and compliance issues facing the Canadian oil and gas industry. We are excited that George and the Ark Envirotech team are bringing their Canadian knowledge and experience to bear for ISN and the industry."

George Neely, President and CEO of Contractors Canada said, "We are excited about the opportunity to work with ISNetworld to leverage Contractors Canada's Canadian oil and gas industry experience and knowledge of Canadian HSE regulations with ISN's total contractor management system."

Adrienne Turner, Senior Account Manager of ISN, added, "The combination of Contractors Canada Health and Safety expertise with ISN's experience, system, and service is powerful. This alliance will provide significant value to the Producer and Contractor communities in Western Canada."

ISN Software Corporation, through its flagship ISNetworld product, automates the relationship between contractors and their owner/operator customers in North America's most capital-intensive industrial sectors. ISNetworld utilizes third party data wherever possible to create an added level of compliance record management and reporting integrity. For more information, visit www.isnsoftware.com.
