

**BRADFORD BROTHERS, INC.**  
Pipeline & Station  
Design and Build Contractors

ISN Software Corporation

3001 Knox, Suite 200

Dallas, TX 75205

August 8, 2008

To Whom It May Concern:

Bradford Brothers Inc has been a subscriber to ISNetworld since its inception in 2001. At that time, ISNetworld was only used for managing Operator Qualifications. ISN has been instrumental in the development of the Operator Qualifications process. They helped automate and centralize this process to make it easy and manageable for both contractors and Owner Clients.

It has been my pleasure to watch ISNetworld grow over the past seven years. As ISNetworld has expanded its client base and product offerings, our use and benefits of the system have grown as well. Today we use the database to submit our Operator Qualifications, SCQ-V questionnaire, safety programs, and training information to eleven Owner Clients.

The ISN Team makes my job so much easier. They work hard to continually improve the user-friendly functionality as well as provide outstanding Customer Service. I can't imagine what my job would be like without ISNetworld. If you have any questions about my experience with ISN, please don't hesitate to contact me at (804)241-7166.

Sincerely,

James Stellwagen
