

Filterboxx Packaged Water Solutions Inc.
#300 7101 – 5th Street S.E.
Calgary, Alberta T2H 2G2

27 August 2009

To whom it may concern:

ISNetworld provides Filterboxx Packaged Water Solutions Inc. with an ongoing safety evaluation for the company. ISNetworld not only provides a wonderful review process, but also we can also ensure our information is compliant with current OH&S Regulations. Both of these being extremely important factors in today's world of safety. With ISNetworld, our company has been able to develop a comprehensive safety program covering all employer/employee needs and regulatory requirements.

I enjoy attending ISNetworld's Users Group Meetings because the meetings are not only a great networking opportunity, but also provide an exchange of valuable safety information. I will be attending the Red Deer, Alberta Annual Conference September 1 & 2, 2009, and am confident I will gain a wealth of knowledge. It is a developmental opportunity to meet face-to-face with the ISNetworld Team Members, and to receive direct feedback about the RAVS Safety Program Review process. The ISNetworld staff members have always been extremely knowledgeable and helpful.

ISNetworld provides Filterboxx with a comprehensive database that allows us to expand our relationships with current Owner Clients and provides us an opportunity to gain new business.

Best Regards,

Heather Green
Health, Safety & Environment Manager
Filterboxx Packaged Water Solutions Inc.
