

ISNetworld
3001 Knox, Suite 200
Dallas, TX 75205

December 15, 2008

To Whom It May Concern:

ISNetworld provides a superior service that makes the prequalification process more efficient for both our company and our clients. ISNetworld has standardized the contractor pre-qualification process across Canada for contractors and owner clients. Prior to using ISNetworld, we submitted separate questionnaires and documents to each of our clients. Their database reduces duplicative work, which saves our company time and money. Through the use of ISNetworld, we are able to become pre-qualified for the majority of our end users.

ISNetworld not only simplifies our business practices, but it also facilitates improvement of our QA/QC and HSE policies and procedures. We are able to incorporate ISNetworld's feedback and utilize its resources to elevate our HSE and QA/QC processes to the highest level.

I would be happy to share my ISNetworld experience and how the database can benefit your company. Feel free to contact me at (403) 912-1261 or dmartens@integralenergy.ca.

Sincerely,

A handwritten signature in blue ink that reads "Duane Martens".
