To whom it may concern.

PreMAC, Inc. is a representative for many high quality manufacturers. We represent such distinguished lines as Bettis, Taylor, Siemens, Clark Reliance-Jerguson, Optimux, Peter Paul, Protectoseal and Milton Roy. We specialize in listening to our customers' control problems and coming up with solutions. PreMAC, Inc. is a twenty five year old, locally-owned business. We pride ourselves in helping our customers solve problems in a positive, honest and caring way that will draw them back to us again and again. PreMAC also has a full service valve repair and service center.

PreMAC, Inc. employs experienced valve service technicians that can diagnose and repair valve and actuator related problems. We specialize in repairing, testing and certifying Swing Check Valves, Piston Checks, Ball Valves, Ball Check Valves, Production Type Valves (Gate Valves), Pipeline Valves (6-D), Gate Valves (OS&Y Type), Butterfly Valves, High-Performance Butterfly Valves, Orbit Valves and Plug Valves. Our valve technicians have more than 80 years of combined experience in servicing the Permian Basin. Critical service and safety relief valves are a specialty of our service department. PreMAC, Inc. has several fully-equipped service trucks as well as mobile field repair units that can be brought on-site for turnarounds and scheduled outages. Our field repair units are equipped with lathes, mills, welders, compressors, generators and sand blasting capabilities. We repair all brands and sizes of safety relief valves. Our Valve Repair or VR Stamp covers both Shop and Field Repair. Our technicians are available 24 hours a day, 365 days a year to ensure that your plant/field is kept up and running. We also build ESD (Emergency Shut Down) systems.

PreMAC, Inc. is an authorized service shop for all the brands listed above and many others. We assemble, calibrate, and repair: actuators, valves, chemical metering pumps, pressure switches, miscellaneous gauges, etc.

ISNetworld has been a key partner in growing PreMAC Inc. and our valve repair and service department. ISNetworld customer service and its easily accessible database provide a positive and invaluable experience for our clients and PreMAC Inc. as a company. Through its innovative data-systems and superior customer service and global reach, ISNetworld fosters safer work environments, stronger partnerships and a healthier bottom-line. The customer service representatives at ISNetworld are knowledgeable and friendly and are committed to providing our customers with clear, up to date information to expedite our ability to get to work and meet our customer's demands. ISNetworld is an outstanding service that has simplified the rigorous process of providing all the pertinent documentation required by our clients so we can do what we do best, providing the excellent customer care that PreMAC Inc. is known for.

Best Regards
