To Whom It May Concern

Syl's Mechanical Company Ltd. is a multi-trade contractor that supplies millwrights, welders, machinists, pipe fitters, heavy duty mechanics, industrial insulators, and skilled laborers. Syl's Mechanical provides maintenance services to large manufacturing facilities. With highly skilled, safe, and experienced journeyman tradespeople we provide breakdown repairs, shutdown maintenance, and new installation service. We routinely work in the Oil and Gas, OSB, Lumber, Mining, Pulp and Paper, and Food Grain Milling industries.

Employee safety is and has always been top priority with Syl's Mechanical, so enrolling with ISNetworld was a logical next step for us to make. We appreciate the opportunity through ISNetworld to demonstrate to our customers that we have the necessary Safety Policies and Procedures in place that will in turn keep our Tradesmen and work locations safe. Our safety expectations now fall in line with those of the Owner Clients. ISNetworld has the tools (RAVS) in place to accurately maintain the most current Safety Certifications and Policies. The support team has been invaluable any time we have questions or navigational concerns.

Syl's Mechanical is excited to be partnered with ISNetworld and ask that you consider using this cost effective tool in locating safe reputable service providers to address your mechanical needs.

Sincerely,

Sylvia Cockrum
