

June 2, 2010

Dear Braskem Vendor:

Braskem PP Americas is pleased to announce improvements in the way vendor HSE and Procurement-related information will be evaluated and monitored. These improvements will be gained through an expanded relationship with ISN (www.isnetworld.com) and ISN Review and Verification Services (RAVS). ISN will assist your company to understand and fulfill vendor record-keeping requirements set forth by Braskem.

If you are a current subscriber to ISNetworld, there is no additional fee. If you have not yet joined the ISNetworld program, please contact ISN at (800) 976-1303 or CustomerService@isn.com to initiate the subscription process. There is a subscription and setup fee for this service, however Braskem feels that the benefits for all parties far outweigh the associated costs.

All Braskem vendors that receive this letter must comply with the following requirements in order for Braskem to receive and evaluate your company's critical information:

- 1. Company Profile**
- 2. Management Systems Questionnaire (MSQ)**
- 3. OSHA Forms & EMR Letters**
- 4. Insurance Certificate**
- 5. Written Safety Programs**
- 6. Other Information / Documentation As Requested**

In order to be considered by Braskem during the vendor services selection process, your company's subscription must be in place and all required data must be posted **within 30 days**. For details about the **ISN program and subscription fees**, visit www.isnetworld.com.

Thank you for your continued effort toward continuous improvement.

Sincerely,

Chris Bland
VP of Manufacturing
Braskem PP Americas, Inc.
