**ISN Expands with California Office**

DALLAS, Texas (January 3, 2011) — ISN is pleased to announce the addition of a California office.

ISN has served Owner Clients and contractor company customers in California since 2002. Today, ISN has over 180 Owner Clients and more than 30,000 contractor company customers, and of those, 50 Owner Clients and 2,000 contractor company customers operate in California.

President of ISN, Joe Eastin, commented, "California is a key manufacturing, technology, healthcare, and natural resources state. The opportunity to focus on these areas regionally brings significant value to the industries and clients we currently serve, while allowing us to further develop new business opportunities. We are excited to dedicate additional resources to these endeavors."

"We see this office expansion as an opportunity for our company to further contribute to improving industry safety," stated Brian Callahan, ISN Senior Vice President. "We look forward to growing our company and presence on the West Coast, while continuing to enhance existing relationships there."

**About ISN**

ISN provides an online contractor management database, ISNetworld, which is designed to meet internal and governmental record keeping and compliance requirements. ISN collects health and safety, procurement, quality and regulatory information for more than 30,000 contractors and 180 Owner Clients. Through its Review and Verification Services (RAVS), ISN's subject matter experts review and verify contractor's self-reported information, incorporating a level of due diligence to the process. Contractors also use the system to manage internal training and recording keeping requirements. For more information, visit [www.isnetworld.com](http://www.isnetworld.com).
