ISNetworld Speaks at PPSA's Annual Conference

DALLAS, Texas, June 10, 2008 ISNetworld Director of Business Development, Julie Polk, and Account Manager, Ryan Jones presented to industry representatives at the Pulp and Paper Safety Association's 2008 Safety and Health Conference. The conference is focused on the continuous improvement of safety throughout all aspects of the paper industry. This is the fifth conference in the last six months at which ISNetworld has participated in sharing contractor management best practices.

Julie Polk stated, "This was a great opportunity for us to reach out and discuss health and safety initiatives with leading companies in the pulp and paper industry."

Joseph Eastin, President of ISN, commented, "We are excited to participate in the PPSA conference this year. It is an opportunity to provide further confirmation that contractor management is a global effort across all industries."

About ISNetworld

ISNetworld provides an online contractor/supplier management database designed to meet internal and governmental health, safety, and environmental requirements. ISNetworld Review and Verification Services (RAVS) validate contractor/supplier information. ISNetworld has standardized health and safety communication and provides a method for subscribers to house documents, measure, compare and benchmark health and safety statistics, and provides a method of evaluation and communication between companies and their contractors. Contractor/suppliers also use the system to manage training and record keeping requirements.
