### **Callahan Named Vice President of Petrochemical Operations**

**Dallas, TX, January 2, 2007** – ISN Software Corporation (ISN) announced today that Brian Callahan has been named Vice President of Petrochemical Operations. Mr. Callahan joined ISN in 2004.

Joseph Eastin, President of ISN, said, “Brian Callahan came to ISN after a distinguished career in the U.S. Army and positions in Koch Industries and the Federal Reserve System. While at ISN, he has consistently delivered outstanding results. He has proven to be a valuable mentor and role model for team members. Brian now leads our Petrochemical Owner Development team which manages ISN’s core customer base. He shares responsibility with the rest of the leadership team to continue delivering the outstanding customer service industry has grown to expect from ISN.”

ISN Software Corporation, through its flagship ISNetworld product, automates the relationship between contractors and their owner/operator customers in North America’s most capital-intensive industrial sectors. ISNetworld utilizes third party data wherever possible to create an added level of compliance record management and reporting integrity.
