**Bristol-Myers Squibb Selects ISNetworld for Contractor Management**

**Dallas, TX, November 27, 2007-** ISN announced today that Bristol-Myers Squibb has selected ISNetworld as the primary tool for contractor management. Bristol-Myers Squibb is the first Pharmaceutical Owner Client for ISNetworld's BioPharma division.

Julie Polk, ISNetworld Director of Business Development, said, "Bristol-Myers Squibb is a leader in their industry, and will be a great addition to the ISNetworld client base. We are continually looking for industry champions, and Bristol-Myers Squibb is certainly one to help expand to additional Pharmaceutical clients."

ISNetworld President, Joseph Eastin, added, "We are excited and pleased to have Bristol-Myers Squibb join our client base. Our long history with the Petrochemical industry coupled with market leaders in BioPharma, will continue to optimize ISNetworld on a global solution across multiple industries."

ISNetworld is an on-line contractor/supplier management database. Owner Clients evaluate their contractor/supplier's information to meet internal and governmental requirements. ISNetworld Review and Verification Services (RAVS) validates this information. Additionally, contractor/suppliers use the system to manage training and record keeping requirements.
