### **ISNetworld Subscriber Base Spans Over 70 Countries**

ISNetworld Connects Corporations with Safe and Reliable Contractors, Worldwide

DALLAS (October 29, 2012) — ISN is pleased to announce it has subscribers in over 70 countries across the globe. Proven to be an invaluable tool to safety, quality and supply chain managers, ISN enables these decision makers to find the resources that best fit their company's needs; spending less time performing due diligence on the wrong resources and more time finding the right fit.

“As we continue our expansion into international marketplaces, we are able to assist more customers in making global workplace safety a reality,” said Brian Callahan, Senior Vice President, ISN. Over 10 billion work hours have been reported within ISNetworld by more than 44,000 contractors and suppliers. Using their ISNetworld account to showcase their safety record, culture and practice in one central location, companies are able to connect with both current and potential clients.

“It remains our long-standing goal to serve our customers throughout their local, regional and international operations,” said Joseph Eastin, President, ISN. “As organizations expand, the need for hiring safe, reliable and sustainable contractors is even more imperative. We sincerely appreciate the opportunity to grow hand-in-hand with our customers.”

#### **About ISN**

ISN provides an online contractor management database, ISNetworld, which is designed to meet internal and governmental record keeping and compliance requirements. ISN collects health and safety, procurement, quality and regulatory information for more than 44,000 contractors and 265 Owner Clients. ISN's subject matter experts review and verify this information to assess the accuracy, relevance and timeliness of the data. Connecting Owner Clients with safe, reliable and sustainable contractors and suppliers around the globe allows these organizations to use ISN as an integral part of their management systems.
