### **Summit Utilities Selects ISN for Contractor Management** *ISN Expands Utility Client Base*

DALLAS, Texas (January, 2012) – ISN is pleased to announce that Summit Utilities has chosen ISNetwork as its primary contractor management tool. Summit Utilities will utilize ISNetwork to collect and verify health, safety and procurement related information on its contractors to ensure the safest and most reliable contractors are selected.

Summit Utilities, headquartered in Littleton, Colorado, is a holding company who owns and operates Colorado Natural Gas, Inc., Missouri Gas Utility, Inc. and Wolf Creek Energy, LLC. This conglomerate is a premier natural gas distribution system providing natural gas to both residential and commercial customers. Summit Utilities' mission has always been to promote the efficient use of natural gas at an affordable price as well as a dedication to achieving a cleaner environment. With this goal in mind, Summit Utilities is now utilizing ISNetwork to enhance the management of its contractors' environmental, health, safety and procurement information.

"We feel that working with ISN will strengthen our program by supporting our goals for contractor management. There are substantial benefits to both Summit Utilities and all of our contractors," said Rick Rynicki, Director of Construction at Summit Utilities.

"We are pleased to see Summit Utilities implement ISNetwork to enhance its excellent contractor safety process," said Brandi Surine, ISN Director. "We continue to grow our client base in the utilities sector and we look forward to working with Summit Utilities to achieve their contractor management goals."

#### **About ISN**

ISN provides an online contractor management database, ISNetwork, which is designed to meet internal and governmental record keeping and compliance requirements. ISN collects health and safety, procurement, quality and regulatory information for more than 39,000 contractors and 240 Owner Clients. Through its Review and Verification Services (RAVS), ISN's subject matter experts review and verify contractors' self-reported information, incorporating a level of due diligence to the process. Contractors also use the system to manage internal training and recording keeping requirements. For more information, visit [www.isn.com](http://www.isn.com).
