ISNetworld is Selected by Valero Energy Ltd. for Contractor Management

ISNetworld Expands Relationship with Valero Energy

London, UK (21 March 2012)— ISNetworld is pleased to announce Valero Energy Ltd. (Valero Energy) has selected ISNetworld to assist with contractor pre-qualification and management. With its implementation, Valero Energy joins 13 other Valero refineries utilising ISNetworld. The implementation of ISNetworld will help increase synergy among Valero sites and standardise the contractor management process.

“We have had great success with Valero’s implementation of ISNetworld at their Pembroke Refinery in Wales. We look forward to expanding our relationship with Valero in the United Kingdom,” stated Brittany Boynton, ISNetworld UK Manager.

Valero Energy Corporation, through its subsidiaries, is an international manufacturer and marketer of transportation fuels, other petrochemical products and power.

About ISN

ISN provides an online contractor management database, ISNetworld, which is designed to meet internal and governmental record keeping and compliance requirements. ISN collects health and safety, procurement, quality and regulatory information for more than 40,000 contractors and 245 Owner Clients. Through its Review and Verification Services (RAVS), ISN’s subject matter experts review and verify contractors’ self-reported information, incorporating a level of due diligence to the process. Contractors also use the system to manage internal training and recording keeping requirements. For more information, visit www.isnetworld.co.uk.
