Yara North America Selects ISNetworld for Contractor Management
Yara North America Expands Use of ISNetworld

DALLAS, Texas (September 26, 2011) – ISN is pleased to announce that Yara North America (Yara) has expanded their use of ISNetworld to assist with meeting their contractor management goals. Yara is a leader in industrial nitrogen applications and the global leader in the marketing and distribution of all these products.

Yara continues to set the bar high for safety within their organization and will utilize ISNetworld to play a key role in ensuring these goals are met.

“We have incorporated ISNetworld into our contractor management plan to aid in standardizing our procedures across North America,” said Rebecca Lee, Yara HESQ Manager. “Yara strives for the highest level of safety at our facilities.”

“We are excited Yara North America joined Yara Belle Plaine in utilizing ISNetworld for their contractor management needs,” added Adrienne Turner, Director of ISN Canada. “Yara has a strong commitment to the safety of their contractors and employees alike.”

About ISN

ISN provides an online contractor management database, ISNetworld, which is designed to meet internal and governmental record keeping and compliance requirements. ISN collects health and safety, procurement, quality and regulatory information for more than 35,000 contractors and 220 Owner Clients. Through its Review and Verification Services (RAVS), ISN's subject matter experts review and verify contractors' self-reported information, incorporating a level of due diligence to the process. Contractors also use the system to manage internal training and recording keeping requirements. For more information, visit www.isn.com.
